

New business referral program

Growth is essential to our success. To help FirstService Residential expand our footprint, we need your help.

Do you have connections with board members/trustees who are not currently our clients? Perhaps in your neighborhood or even your own community?

Each time an associate submits an eligible referral, you will earn a **\$25 Amazon gift card**. If the qualified referral leads to a presentation to the board, you will earn an additional **\$50 Amazon gift card**. But that's not all. If your referral results in an executed management contract, you will receive a commission valued at 1%, 1.5%, or 2% of the first year management fee, not including pass-through payroll. The percentage will be based on the associate's involvement in the sales process.

An eligible referral consists Of the following:

- Community name
- Board member name
- Community address
- Board member email address and phone number

A referral is not eligible if:

- The board member's name, phone number or email address already exists in our database

How to get started:

- Associates can submit referral information via the **[New Business Referral Submission Form](#)**.
